EX-ROLL

EX-ROLL

Part 1

This product comes complete in a Velcro carry bag with all the parts, no are tools required and it has no loose parts to misplace.

Open the side panel to unfold the attached telescopic pole. Lift the pole into a vertical position, then slide the bottom of the pole across to the center. Close the panel, there is a hole made for the telescopic pole to fit.

EX-ROLL

Part 2

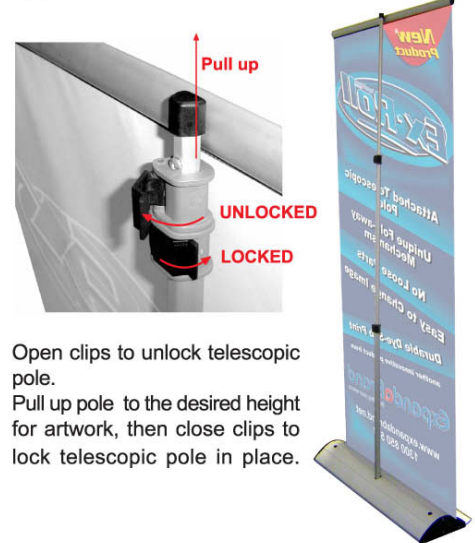

Open up the smaller pannel, and inside you will find the the top of the Roll-EX frame with the artwork rolled up. Pull the top of the Roll-EX frame out of the mechanism, and hang the top frame piece onto the pole where the hook is.

EX-ROLL

Part 3

Open clips to unlock telescopic pole.

Pull up pole to the desired height for artwork, then close clips to lock telescopic pole in place.
